

United Methodist Communities Mother's Day Offering

United Methodist Communities Mother's Day Offering

For many decades, United Methodist Communities has been blessed with the prayers, partnership, and generosity of congregations in the GNJUMC.

Every Mother's Day, we celebrate our shared values and partnership.

“Benevolent care” is our practice of providing support for residents who, through no fault of their own, have outlived their financial resources.

When you support United Methodist Communities through a special Mother's Day Offering, your contributions to our Gift of Care Circle will help these residents remain safe and comfortable in the UMC communities they call home.

United Methodist Communities Mother's Day Offering

[Click here](#) to watch three residents and their family members reminisce about Mother's Day memories and traditions, and explain why United Methodist Communities is so important to them.
